

*"To actively assist commercial real estate professionals become more successful by providing a network to promote education, advocacy, the exchange of ideas and develop relationships."*

**FALL 2008**

## BRIEFS...

With respect to our green initiative, we have quite a story to tell. Crown Center implemented a paper recycling program in conjunction with the City of Ft. Lauderdale. This was introduced to our tenants via our quarterly newsletter and followed up by an individual visit to each tenant by Dick Wyzanski. We then implemented a cardboard, plastic and aluminum recycling program in conjunction with Public Waste and again personally visited each of our tenants. I am very pleased and proud to say that we have had 100% compliance from our tenants and not one instance of cross contamination.

Furthermore, we have reduced our solid waste resulting in smaller bins and fewer pick ups. WE WILL HAVE AN ANNUAL SAVINGS OF OVER \$30,000 WHICH IS A DIRECT SAVINGS IN CAM TO OUR TENANTS. This was a win, win, win situation for Crown Center.
